Tips for a Successful Volunteer Experience

**First time you volunteer:** Management will provide a Volunteer Application to complete. Management or an experienced volunteer will assist you in filling out basic sign-in information that will include an emergency contact. This person will also give you a tour of the facility and introduce you to the Store Manager and Staff.

**Promptness and log-in:** At the beginning of every shift, please log in and put on a green apron and name tag. Put personal items in the designated volunteer locker.

**Shoes:** Wearing closed-toe shoes is recommended.

**Appearance:** Must dress professionally, no short shorts, low-cut tops or low rider pants.

**Assignments:** Ask the Store Manager for an assignment. The Store Manager will try to accommodate you if you have a specific request. Volunteers work under the general direction and guidance of the Store Manager.

**Customer service:** Provide good customer service to all with courtesy, a positive attitude, and a smile.

**Price adjustments requested:** Refer customer requests for price adjustments to the Store Manager. If the Store Manager is absent, refer to the Assistant Store Manager. The store policy is: “No returns, No refunds, No store credit” unless approved by the Store Manager.

**Safety first:** Ask for help from staff to move heavy baskets or to reach items on the shelves. Only staff can climb on a ladder or step stool. Ask staff for assistance when removing items from the window displays.

**First aid:** No matter how insignificant the matter may appear to be, alert the Store Manager, as in most cases, a report has to be filed. Basic first aid supplies are located in white bins across from the jewelry intake area in the back room and in the kitchen area on the shelves.
**Exit locations:** Locate exits in case of emergency. When possible, the people working in the back half of the building will exit by way of the back doors and the people working in the front half of the store will exit the front door. After the people have vacated the building, they shall meet in the far end of the back parking lot until it is safe to return inside the building.

**Unusual behavior:** If a volunteer observes unusual behavior such as tag removal or a customer hiding items, alert the Store Manager.
